

LogiXML Founder and CEO, Arman Eshraghi, Invited to Speak at America's Growth Capital's 5th Annual Emerging Growth Conference in Boston

McLean, VA (September 19, 2008) - LogiXML, Inc., the leader in purely web-based, truly unified Business Intelligence (BI) reporting, dashboard, and analysis solutions, participated on September 11 in America's Growth Capital's (AGC) most extensive conference to date. Arman Eshraghi presented a company overview to a private audience, outlining LogiXML's path to success from its founding in 2000 to date.

AGC is a national, emerging growth-focused research, trading and investment banking firm founded by seasoned growth sector specialists with experience leading boutique and bulge bracket investment banks. More than 125 companies participated in this year's conference and attendance exceeded 400 public and private equity investors, corporate and business development executive and management teams. Collectively, the program illustrated the latest trends impacting the technology, clean tech and business services sectors.

"I founded LogiXML in 2000 and in 2002 hired my first sales person. Six years later we've opened an office in the UK, amassed hundreds of customers, developed a global network of reseller partners, and have presence in Europe and Japan as a result of our new affiliate program," said Arman Eshraghi, LogiXML Founder and CEO. "I'm honored to have been invited to AGC's event and humbled by the interest others have taken in our company."

LogiXML is the fastest growing alternative to cumbersome Business Intelligence tools. Easier and faster to use, deploy & embed, LogiXML Web-based Dashboard, Reporting & Analysis solutions empower everyone to access and act on critical information – no matter where it resides. Simple, straightforward server licensing enables organizations to use LogiXML solutions without the burden of per user-fees. Thousands of organizations and software companies worldwide use LogiXML to provide powerful, interactive dashboards in hours, reports in days, and analysis on demand.

About LogiXML, Inc. (www.logixml.com)
